

Pictures of Soul

The rockband Pictures Of Soul from Wernigerode (Germany) was founded in July 2015. Musical influences are hard rock, metal, funk, alternative rock and punk, from which the band has developed it's own musical style, that combines hard rock music with melodic pop elements and offers a very high recognition value with a striking lead singing.

Pictures Of Soul was founded by Maik Hoffmann (lead guitars, vocals), Fabian Bartel (bass) and Marco Melzer (drums). Since July 2016, Andreas Funke has completed and expanded the band's sound on the rhythm guitar.

Due to frequent live performances, the band quickly gained a constantly growing fan base. They shot their first music video „Fake Love" in spring 2018, which was completely recorded and produced by the band itself.

Previous live highlights included the concerts of the „ Dark Days Tour" in November 2018, the performance at the „Rock Am Beckenrand" festival in 2019, as well as the „MDR Harz Open Air" in 2021, where Pictures Of Soul performed as the supporting act of Culcha Candela.

Pictures Of Soul also released their music video for the single „Demons" at the end of 2020. The video was completely selfmade by the band, which includes the story writing, costumes, sfx make-up, camera, direction and video editing.

2022 more music videos and singles were released.

The new album „No More Silence“ will be released in summer 2023.
